HIGH PERFORMANCE BULLETIN

#147 - SHORT TRACK

August 2010

HIGH PERFORMANCE BULLETINS

The High Performance Committee – Short Track (HPCST) will issue bulletins periodically throughout the season informing skaters, coaches and associations of any update and/or changes to selection criteria, competitions, etc.

The HPCST reserves the right to modify or change the enclosed policies in the event that exceptional circumstances arise and that any such changes are clearly in the best interest of the high performance program. In these situations all athletes and coaches will be advised of any changes as soon as they are confirmed by the HPCST.

2010 / 11 Short Track Selection Criteria

General Information

Notification

All National and Development and Talent Squad skaters must have completed and signed a National Team Agreement in order to be eligible for selection to any of the following competitions.

All senior World Championships skaters selected to the team must notify (in writing) the Short Track Program Director by January 25th, 2011 if they are competing in the applicable Championship.

Selection Procedures

All skaters must qualify through the specific standards as set by the ISU to be eligible to compete in each specific event. Speed Skating Canada will then select athletes for each specific event in accordance with the following general procedures.

For World Cup competitions 1, 2, 3 and 4, selections will be based jointly upon results from the Fall World Cup Selections and HPCST discretion.

For World Cup races 5 and 6 and World Championships the team will be selected on the basis of results from the Canadian Open Championships and HPCST discretion.

Specific details for selection of skaters for each of the respective World Cup competitions are provided later in this HPC Bulletin.

In all cases skaters may request a Bye for selection as follows:

1. Bye

Due to exceptional circumstances (e.g. illness, injury, equipment break, etc) and through no fault of their own, a skater sometimes does not have the opportunity to compete in the designated selection event/s.

In this situation, the athlete may be eligible to apply for a Bye selection to the relevant team.

The basic philosophy for selecting an athlete by granting a Bye is that, all things being equal, the skater given the Bye has clearly demonstrated superior performances in previous competition to at least one other athlete being considered for selection.

A Bye request is considered as the last means by which an athlete can gain selection and is intended to provide for exceptional circumstances outside the normal selection criteria rather than being part of the normal means by which an athlete can gain selection. The procedure and policy for the allocation of Byes can be found in Appendix A.

Naming of Teams

Selection to a Team is provisional until any and all Bye requests have been considered.

Once all Bye requests have been considered, SSC will then formally announce a team by placing the respective team list on the SSC website.

Replacement of Skaters

The HPCST reserves the right to replace a skater if medical advice is such that competing in the event is potentially injurious to the selected skater or that the skater has not recovered sufficiently from an existing injury.

If a skater who is named to a team withdraws or declines their position on the team prior to departure for the competition he/she will be replaced by substitute at the discretion of the HPCST.

If a skater who is named to a team withdraws from a team due to injury, illness etc following departure from Canada for the competition, or series of competitions he/she may be replaced on the team at the discretion of the HPCST.

2010 Fall World Cups 1, 2, 3 and 4

The top 3 athletes based on the combined best 2 distances from the Fall World Cup Selections will have priority on the 4 fall World cups according to their plan. Each distance will be race twice and results combined before the ranking of each distance. If 2 athletes are tied, the skater with the highest finish position in either of the other distances will be prioritized in the higher individual ranking position. If a tie still persists cumulative seeding points of the 3 distances will be used for breaking the tie.

The remaining positions will be selected at the discretion of the HPC. Due to the fact that the 2010-11 season is the first in the 2010 Olympic cycle the HPC has determined that there is significant strategic value in providing opportunities for developing skaters to be exposed to and/or extend their international competition experience. For this reason the HPC has determined that entries for World Cups may be rotated amongst a group of skaters to maximise the number of skaters who can benefit from this experience.

In filling the discretionary positions, the HPC will consider past experiences and recent performances to maximize international racing opportunities. Past experiences are indicated by the number of international racing opportunities for an athlete in order to provide more for less experienced athletes. Recent performances may include but are not limited to the Fall World Cup Selections competition, future potential, quality and commitment to the summer and fall training program as well as physical testing results evaluated by the HPCST with input from the National Short Track Program Director and National Team coaches.

The top 3 ranked of these 6 skaters will then have preference, as decided by the National team coach for entry to individual distances at the respective World Cup competitions.

2010 Winter World Cups 5 and 6

For World Cup 5 and 6, selections will be based upon results from the Canadian Open Championships and at the discretion of the HPC.

The top 5 athletes based on cumulative overall rankings of the Canadian Open Championships plus 1 discretionary selection by the HPC will form the team. The committee will again consider recent performances, including quality and commitment to the training program and future potential to confirm the discretionary selections.

The top 2 ranked of these 6 skaters will then have preference, as decided by the National Team coach for entry to individual distances. The remaining Individual distance entries for the World Cup competitions will be determined on the basis of individual needs for their preparation for the World's Championship and made by the National Team coach at the respective World Cup competitions. Criteria to be considered may include but is not limited to results of the Fall World Cup Selections, fall World Cups, the Canadian Open Championships, other competition results including Circuit Elite and western circuit competitions, recent training performances and current commitment to the program.

For World Cup 6, some skaters could be replace according to their racing experience and needs for World Championship preparation. To be evaluated by the HPCST with input from the National Short Track Program Director and National Team coaches.

2011 World Short Track Championships

Eligibility:

ISU Rule 281 determines the eligibility of Canada to submit entries for this Championship.

Quota:

The 2011 World Short Track Championships Team will be composed of 5 women and 5 men.

Selection Procedures:

The Team selection will be based upon results from the Canadian Open Championships. The top 4 athletes based on cumulative overall rankings of the Canadian Open Championships plus 1 discretionary selection by the HPC will form the team. The HPC will again consider recent performances, including quality and commitment to the training program and Olympic potential to confirm the discretionary selections.

The top 2 ranked of these 5 skaters will be automatically entered for the individual competition.

The remaining entry for the individual competition will be determined at the absolute discretion of the HPCST from amongst the remaining 3 team members. Criteria to be considered may include but is not limited to results of the Fall World Cup Selections, the Canadian Open Championships, other competition results including World Cup performances, recent training performances, ranking, and current commitment to the program.

Normally, the HPCST will make this discretionary selection in the week immediately following World Cup 6, 2 weeks before the World Championships.

All 5 team members will be eligible for selection for the relay competition, however the National Team coach at the World Championships will determine the composition of the relay team for each round of competition.

NOTE:

The only exception will be if the HPCST makes such a decision as to give a skater a bye onto the team due to illness or injury as per the policy on granting byes.

If an athlete's training performances are clearly below their performances that earned them selection to the World Short Track Championships Team, the HPCST may make the decision to replace this skater either for entry to an individual distance and/or the relay team.

2011 World Team Championships

Eligibility:

ISU Rule 282 determines the eligibility of Canada to submit entries for this Championship.

Quota:

The 2011 World Team Championships Team will be composed of 5 women and 5 men.

Selection Procedures:

The Team selection will be based upon results from the Canadian Open Championships. The top 4 athletes based on cumulative overall rankings of the Canadian Open Championships plus 1 discretionary selection by the HPC will form the team. The HPC will again consider recent performances, including quality and commitment to the training program and Olympic potential to confirm the discretionary selections.

However, the HPCST reserves the right to replace any of the 5 athletes selected for the World Team Championships based on the opportunity to expose different athletes in need of international competition. Normally, the HPCST will make this discretionary selection 2 weeks before the Team leaves for the World Championships.

Individual distance entries for this competition will be made at the absolute discretion of the National Team Coach at the World Team Championships. All 5 team members will be eligible for selection for the relay competition however the National Team Coach at the World Team Championships will determine the composition of the relay team for each round of competition

NOTE:

The only exception will be if the HPCST makes such a decision as to give a skater a Bye onto the team due to illness or injury as per the policy on granting Byes.

If an athlete's training performances are clearly below their performances that earned them selection to the World Short Track Team Championships, the HPCST may make the decision to replace this skater either for entry to an individual distance and/or the relay team.

2011 World Junior Championship

Eligibility:

A Junior skater is a skater who has reached the age of 14, but not the age of 19 by July 1st, 2010. (ISU Rule #108)

Quota:

The 2011 Junior World Short Track Championships Team will be composed of 4 women and 4 men.

Selection Procedures:

Pre-Selection:

Skaters who have earned selection to a senior representative team in the 2010 / 11 season may be pre-selected to the 2011 Junior World Championship Team. A maximum of 2 athletes per gender may be pre-selected for the 2011 World Junior Championships.

Individual distances:

Overall finishing order at the 2010 / 11 Canadian Junior Championships.

Relays:

All team members will be eligible for selection for the relay competition.

The only exception will be if the HPCST makes such a decision as to give a skater a Bye onto the team due to illness or injury as per the policy on granting Byes.

FISU Games

The Universiade is open to any Canadian citizen between the ages of 17 and 28 in the year of the Games (2011), who is currently officially registered as proceeding towards a degree or diploma at the university or similar institute (e.g. college, CEGEP) or have graduated from a post secondary institution within the previous year of the event. SSC eligibility requirements include the successful completion of any university or college courses enrolled in during the fall term.

Eligible athletes for the FISU games will be selected based on Canadian Open Championships until the team quota has been reached.

The top 4 eligible athletes based on the best 2 distances excluding 3000m) from Canadian Open Championships) plus 1 discretionary selection by the HPC will form the team. Due to the fact that the 2010-11 season is the first in the 2010 Olympic cycle the HPC has determined that there is significant strategic value in providing opportunities for developing skaters to be exposed to and/or extend their international competition experience 1 discretionary position will be kept accordingly.

The HPC will again consider recent performances, including quality and commitment to the training program and Olympic potential to confirm the discretionary selections.

If the quota of 5 eligible positions is not reached from amongst the skaters finishing the competition, remaining positions will be selected based on their overall finishing order from the National Qualifier competition.

2010 – 2011 National Competitions / Canadian Open

General information

- a) In order to compete in these competitions skaters must be Canadian citizens and registered members of Speed Skating Canada. The competitions will be held on the ISU 111.12m oval track. The racing rules of SSC, and where applicable, the ISU will be used. Exceptions to the rules for the purpose of selecting the World Championship, National and Development Teams are noted in the 2010 / 11 Competition Format section of this Bulletin.
- b) Skaters must have reached the age of 15 before July 1, 2010 to compete in these events as they are selection races for senior international competitions (ISU Rule 108).
- c) Fall World Cup Selections will have a maximum of 16 entries.
- d) The Canadian Open Championships / National Team Selections #1 will have a maximum of 32 entries.
- e) National Team Selections #1 will have a maximum of 32 athletes.
- f) **PLEASE NOTE** All skaters are required to wear cut resistant clothing (undergarment or racing suit) that meets the ISU standards as described in ISU Communication 1265.
- g) Skaters qualify for these National Team Selection events as follows:

National Qualifier (December 18-19 in Sherbrooke, Quebec)

The National Qualifier Competition will have a maximum of 32 entries. All athletes with a 2009-10 Canadian ranking in the top 30 will be eligible for the competition. Remaining positions will qualify for entry to the National Qualifier on the basis of their combined 500m + 1500m times as recorded in a gender specific SSC sanctioned competition with electronic timing during the period from August 1st, 2010 to November 22nd, 2010 500m & 1500 times will be taken at full value. Manual times may be accepted and will be adjusted upwards by 0.2 seconds.

Seeding for the competition will be on the basis of individual distance ranking in 2009-10 for those with a Canadian Ranking. Skaters qualified on the basis of entry times will be seeded for all distances on their combined 500m time and 1500m times.

Fall World Cup Selections: (Calgary, Alberta, September 17 – 19 , 2010)

14 skaters will be selected based on overall ranking from the 2009-10 season. The HPCST has the absolute discretion to invite 2 additional men and women to complete the field of 16 at Fall World Cup Selections. If the HPCST does not exercise any or all of this discretion then any vacant starting positions (to a final total of 16 competitors) will be allocated based on overall ranking from the 2009-10 season. Any ties between skaters will be broken by referring by a face to face comparison from the 2009-10 season until the tie is broken.

Canadian Open Championships (Montreal, Quebec, January 21 – 23, 2011)

Skaters from the Fall World Cup Selections are automatically eligible to compete. The eligible skaters will include the originally qualified entrants as well as the replacement skaters who participated in the competition.

The remaining skaters will be selected based on overall ranking from the National Qualifier competition, December 18-19 in Sherbrooke, Quebec.

If any skaters from the Fall World Cup Selections are not able to compete at the Canadian Open Championships, the resulting positions will be added to those available through the National Qualifier.

National Team Selections #1: (Montreal, Quebec, March 17 - 19)

Skaters ranked 1 to 27 following the Canadian Open Championships (excluding the World Championship Team) will be automatically qualified for entry to National Team Selections #1 (subject to Bye requests).

The top 5 skaters from the Canadian Junior Championships based on overall ranking, not already qualified for the National Team Selections #1, will be eligible to compete. **Please note** to be eligible, the athlete must have finished in the top 16 overall at the Canadian Junior Championships. Any remaining positions will be based on overall ranking from the National Qualifier competition.

Confirmation of Entries

Skaters are **required to confirm their intent to participate in writing** to Speed Skating Canada by:

November 22 nd	for National Qualifier (with applicable entry times)
January 7 th	Canadian Open Championships
March 4 th	for National Team Selections #1

PLEASE NOTE: Entries **NOT confirmed by these times** will be allocated to the next ranked eligible skater.

If an athlete enters and is then forced to withdraw due to illness, injury etc, their position will automatically be offered to the next eligible skater. If the withdrawal is made within seven (7) days of the event only the next eligible athlete in the ranking list will be offered the vacant position. If this athlete declines then the position will not be offered any further and the position will be declared vacant.

National Team Uniforms

During an event sanctioned by Speed Skating Canada the athletes must not wear a competition uniform (skin suit) identified as belonging to a national team or to another country, unless he or she belongs to that team or country at the time of the competition. (SSC Rule N1-106).

In addition, no Speed Skating Canada National or Development Team skin suits from a previous season are permitted to be worn by any skater during Fall World Cup Selections, Canadian Open Championships, National Team Selections #1, Canadian Junior Championships or National Qualifier unless authorized by Speed Skating Canada.

Canadian Ranking Points

Canadian Ranking Points are allocated according to the final rankings per distance for each of Fall World Cup Selections, Canadian Open Championships and National Team Selections #1.

Canadian Ranking Points will be used to select teams for competitions and determine a final season ranking to select athletes for the National and Development Teams for the following season. (see specific selection criteria for each team). Final placing in a particular distance is determined on the basis of the final in which a skater competes and their finish position in that final.

Canadian Ranking Points are then allocated on the final ranking in each distance from Fall World Cup Selections, Canadian Open Championships and National Team Selections #1 as follows:

Fall World Cup Selections

<u>Place</u>	<u>pts</u>	<u>Place</u>	<u>pts</u>
1	500	9	98
2	408	10	80
3	333	11	65
4	272	12	53
5	222	13	43
6	181	14	35
7	148	15	29
8	121	16	23

Canadian Open Championships and National Team Selections #1 (500m, 1000m, 1500m)

<u>Place</u>	<u>pts</u>	<u>Place</u>	<u>pts</u>	<u>Place</u>	<u>pts</u>	<u>Place</u>	<u>pts</u>

6	181	14	35
7	148	15	29
8	121	16	23

Special Racing Rules:

Disqualifications, failure to finish, scratches:

In case of disqualification, failure to finish due to infraction, or scratches, the following rules will apply:

1. Disqualified skaters will receive the last place rank and seeding points in that race and be placed directly into the lowest bracket/race in the next round.
2. Skaters who drop out before a race will receive the last place position, behind any skaters who might subsequently fail to finish due to infraction or be disqualified and receive the seeding points according to the final order in that distance
3. Skaters who withdraw before the distance will receive no Rankings points for that distance and the distance will be Re-seeded
4. Skaters who withdraw from a distance are permitted to continue in the competition for any subsequent distances.
5. A skater who has not finished the race because of an infraction by another skater will receive their position ahead of any disqualified skaters.
6. An athlete who does not finish a race will not be allowed to start the following round of the distance unless an advancement is warranted according to the ISU World Cup procedures or Special Rules Exception.

2010 / 11 Competition Format

National Competitions / Canadian Open Championships

1. Competition format. Fall World Cup Selections

The format for these competitions is as follows:

Day 1: 1500m / 500m

Day 2: 1000m / 1500m

Day 3: 500m / 1000m, 3000m relay women, 5000m relay men

Seeding: Fall World Cup Selections

Seeding for the first round of the first 500m, 1000m and 1500m distances will be made on the basis of the skater's Canadian Ranking in each of these distances from the 2009 / 10 Canadian Rankings. If there is a tie, the skater/s with the best overall 2009 / 10 Canadian Ranking will be seeded higher.

Seeding for the first round of the second 500m, 1000m and 1500m distances will be made on the basis of the skater's finish position in each of the first 500m, 1000m and 1500m distances from Fall World Cup Selections and their seeding for the respective distances for Fall World Cup Selections. This will be determined as the ranking of the average of the original seeding per distance for Fall World Cup Selections and the finish position per distance from Fall World Cup Selections. In the event of a tie in this average value, the skater with the better result in the respective distance from Fall World Cup Selections will be seeded higher.

For example: if a skater had a seeding of 4th for the 1500m for Fall World Cup Selections and had a final ranking of 8th in the first 1500m distance at Fall World Cup Selections, their average for seeding would be calculated as 6. This score is then ranked against the other skaters and a final seeding for the second 500m, 1000m and 1500m distance at Fall World Cup Selections would be determined.

PLEASE NOTE: the HPC reserves the right to adjust seedings for all competitions to ensure the most fair and appropriate racing conditions for athletes who do not have a 2009 / 10 Canadian ranking or were not able to participate in all National Selection competitions from the 09-10 and 10-11 seasons.

Lane Positions

PLEASE NOTE lane positions will be determined as per ISU rule 296. For the first qualifying round of a distance lane positions will be as per seeding for that distance. For each subsequent round the lane position will be decided by the times skated in the preceding qualifying round. Skaters will be assigned lane positions from the inside of the track to the outside in the order of their times commencing with the fastest time.

Composition of Semi-finals (1500m)

1500m	Semi-finals		
	A	B	C
Distance Seeding	1	2	3
	6	5	4
	7	8	9
	12	11	10
	13	14	15
			16

If starting numbers are reduced from 16, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Finals (1500m)

Final A: 1st and 2nd of Semis A, B and C
Final B: 3rd and 4th of Semis A, B and C
Final C: Remaining skaters from Semis A, B and C

Composition of the Heats (500m and 1000m)

	500m and 1000m			
	A	B	C	D
Distance seeding	1	2	3	4
	8	7	6	5
	9	10	11	12
	16	15	14	13

Composition of the Semi-finals (500m and 1000m)

The top 2 skaters from each of the 4 heats will be placed into the top 2 semi-finals (A, B; final rank 1-8 or lower depending on the number of advancements in the heats) on the basis of a ranking derived from ISU competition points from the heats as follows:

Placing in previous round: 1st 2nd 3rd 4th 5th 6th 7th 8th
ISU competition points 34 21 13 8 5 3 2 1

	Semi - finals top bracket				
	A	B	C	D	
Rank from quarter finals	1	2	9	10	
	4	3	12	11	
	5	6	13	14	
	8	7	16	15	

Ties will be broken by referring to the times skated in the heats; the fastest time among those tied in points will be seeded highest and so on. Any further ties will be broken by a coin toss.

The remaining skaters from each of the 4 heats will be placed into the next 2 semi-finals (C, D; final rank 9-16) on the basis of a ranking derived from ISU competition points from the heats. Ties will be broken by referring to the times skated in the heats; the fastest time among those tied in points will be seeded highest and so on. Any further ties will be broken by a coin toss.

Composition of the Finals (500m and 1000m)

- Final A: Top 2 skaters from semi-final A and semi-final B
- Final B: Remaining skaters from semi-final A and B
- Final C: Top 2 skaters from semi-final C and semi-final D
- Final D: Remaining skaters from semi-final C and D

Ranking Points:

Skaters earn ranking points during the finals races for each distance as follows:

- a) The ranking points for the 1500m are as follows:

Finals	1st	2nd	3rd	4th	5th	6th
Final A	500	408	333	274	222	181
Final B	148	121	98	80	65	53
Final C	43	35	28	23		

- b) The ranking points for the 500m and 1000m are as follows:

Finals	1st	2nd	3rd	4th
Final A	500	408	333	274
Final B	222	181	148	121
Final C	98	80	65	53
Final D	43	35	28	23

If there are more than 4 skaters in a 500m or 1000m final or 6 in a 1500m final, the points of the 5th place, 6th place etc, will be the points of the 1st place, 2nd place, etc. of the following final. The rest of the points will then be adjusted accordingly.

Composition of relay teams.

The relay teams will be composed on the basis of overall rankings as follows:

- Team A – 1, 6, 7, 12
- Team B – 2, 5, 8, 11
- Team C – 3, 4, 9, 10

1. Competition format: Canadian Open Championships and National Team Selections #1

The format for these competitions is as follows:

Day 1: 1500m

Day 2: 500m

Day 3: 1000m, 3000m, 3000m relay women, 5000m relay men

Seeding: Canadian Open Championships

For those skaters who earned an automatic entry by competing in the Fall World Cup Selections, seeding for the first round of the 1500m, 500m and 1000m distances will be made on the basis of the skater's ranking position in each of these distances from the Fall World Cup Selections. In the event of a tie, the skater with the fastest time in the respective distance will be ranked higher.

For those skaters who earned a position through the National Qualifier, they will be seeded for the first round of the 1500m, 500m and 1000m distances following the automatic entries on the basis of their overall ranking from the National Qualifier competition.

Seeding: National Team Selections #1

Seeding for the first round of the 1500m, 500m and 1000m distances will be made on the basis of the skater's ranking position in each of those distances at Canadian Open Championships. Skaters qualifying through the Canadian Junior Championships without a National ranking will be seeded in the next positions on the basis of their overall ranking at the Canadian Junior Championships. Skaters qualifying from the National Qualifier without a National ranking will be seeded in the final remaining positions on the basis of their overall ranking at the National Qualifier.

PLEASE NOTE: the HPC reserves the right to adjust seedings for all competitions to ensure the most fair and appropriate racing conditions for athletes who do not have a 2009 / 10 Canadian ranking or were not able to participate in all National Selection competitions from the 09-10 and 10-11 seasons.

Seedings for Quarter-finals and Semi-finals

Seeding for the semi-finals in the 1500m, and for the quarter-finals and semi-finals in the 500m and 1000m distances will be done on the basis of a ranking derived from seeding points awarded in the heats (for the 1500m) and heats and quarter-finals (for the 500m and 1000m) as described below.

Ties in seeding points will be broken by referring to the placing and then times skated in the previous round of racing; the highest placing and then fastest time among those tied in seeding points will be seeded highest and so on.

If there is still a tie then the skater with the highest original seeding for the distance will be seeded highest and so on. Any further ties will be broken by a coin toss.

Placing in previous round: $\frac{1^{st}}{34}$ $\frac{2^{nd}}{21}$ $\frac{3^{rd}}{13}$ $\frac{4^{th}}{8}$ $\frac{5^{th}}{5}$ $\frac{6^{th}}{3}$ $\frac{7^{th}}{2}$ $\frac{8^{th}}{1}$
 Seeding points

Lane Positions

PLEASE NOTE lane positions will be determined as per ISU rule 296. For the first qualifying round of a distance lane positions will be drawn by the Competitor Steward. For each subsequent round the lane position will be decided by the times skated in the preceding qualifying round. Skaters will be assigned lane positions from the inside of the track to the outside in the order of their times commencing with the fastest time.

Composition of the Heats (1500m)

		1500m Heats					
Distance seeding	A	B	C	D	E	F	
	1	2	3	4	5	6	
	12	11	10	9	8	7	
	13	14	15	16	17	18	
	24	23	22	21	20	19	
	25	26	27	28	29	30	
					32	31	

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Semi-finals (1500m)

Top Bracket

The top 3 skaters from each of the 6 heats will be placed into the top bracket (final ranks 1-18) and seeded into 3 semi-finals (A, B, C) as described above.

Bottom Bracket

The remaining skaters from each of the 6 heats will be placed into the bottom bracket (final ranks 19-32) and seeded into 2 semi-finals (D, E) as described above.

Semi-Finals 1500m

Composition of Finals (1500m)

Final A: 1st and 2nd of Semis A, B and C

Final B: 3rd and 4th of Semis A, B and C

Final C: Remaining skaters from Semis A, B and C

Final D: 1st, 2nd and 3rd from Semis D and E, + fastest 4th from semis D and E (7 skaters)

Final E: Remaining skaters from Semis D and E

Composition of Heats (500m and 1000m)

		500m and 1000m Heats

	17	18	19	20	21	22	23	24	
	32	31	30	29	28	27	26	25	

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Quarter- finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 8 heats will be placed into the top bracket (final ranks 1-16 or lower depending on the number of advancements in the heats) and seeded into 4 quarter-finals (A, B, C, D) as described above.

Bottom Bracket

The remaining skaters from each of the 8 heats will be placed into the bottom bracket (final ranks 17-32) and seeded into 4 quarter-finals (E, F G, H) as described above.

Composition of Semi-Finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 4 top bracket quarter-finals will be seeded into the top 2 semi-finals (A, B; final ranks 1-8 or lower depending on the number of advancements in the quarter-finals) as described above.

The remaining skaters from each of the 4 top bracket quarter-finals will be seeded into the next 2 semi-finals (C, D; final ranks 9-16 or lower depending on the number of advancements in the heats and quarter-finals) as described above.

Bottom Bracket

The top 2 skaters from each of the 4 bottom bracket quarter-finals will be seeded into the top 2 bottom bracket semi-finals (E, F; final ranks 17-24) as described above.

The remaining skaters from each of the 4 bottom bracket quarter-finals will be seeded into the last 2 semi-finals (G, H; final ranks 25-32) as described above.

	5	6	13	14		21	22	29	30
	8	7	16	15		24	23	32	31

Composition of Finals (500m and 1000m)

Final A: 1st and 2nd skaters from Semis A and B
Final B: Remaining skaters from Semis A and B
Final C: 1st and 2nd skaters from Semis C and D
Final D: Remaining skaters from Semis C and D
Final E: 1st and 2nd skaters from Semis E and F
Final F: Remaining skaters from Semis E and F
Final G: 1st and 2nd skaters from Semis G and H
Final H: Remaining skaters from Semis G and H

If there are more than 6 skaters in Final D, a Final D-2 will be held containing the 5th and 6th place finishers from Semi-finals C and D. This is to prevent too many skaters in Final D, a situation that could arise if there are numerous advancements into the top bracket in the heats and quarterfinals. In the case where a Final D-2 is held, the points for Finals E-H will be adjusted downwards to account for the extra skaters in Final D-2.

Composition of relay teams.

The top 12 ranked skaters following the first 3 distances of each competition (500m, 1000m, 1500m) will be eligible to compete in the relay event in addition with the World Junior Championships Team. If any of the top 12 ranked skaters are unable to participate, the relay teams will be filled by going down the ranking list.

The relay teams will be composed on the basis of rankings as follows:

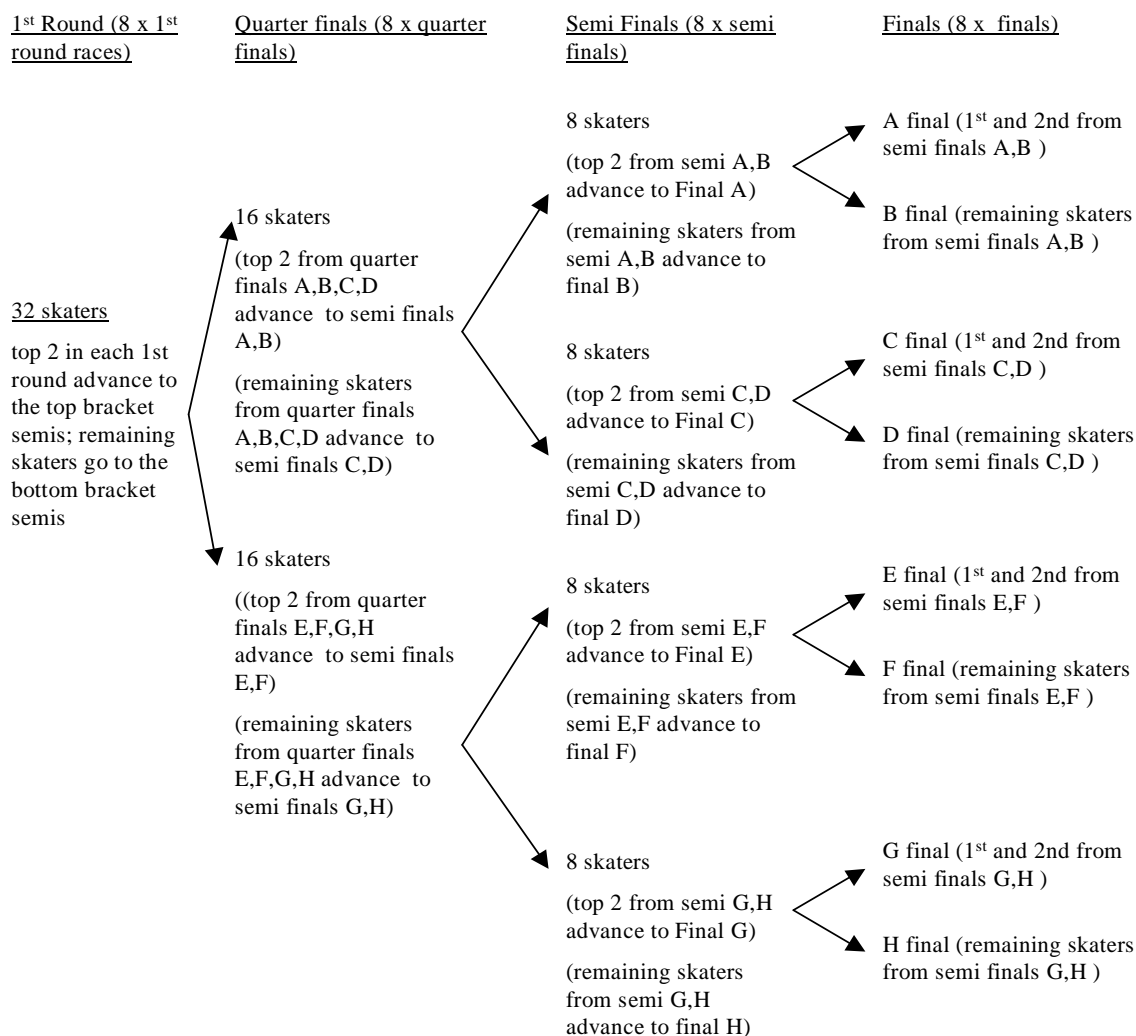

Team A – 1, 6, 7, 12

Team B – 2, 5, 8, 11

Team C – 3, 4, 9, 10

Team D - World Junior Championship Team

Progression chart for 500m and 1000m races

3000m

The 3000m will consist of 2 finals. Skaters ranked 1-8 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 9-16 in cumulative ranking points after the 1000m will skate in final B. In case of a tie for the 8th or 16th place, the tied skaters will skate in final A or final B respectively.

A premium of points will be awarded for the skater crossing the finish line first after 9 laps.

During the 3000m, if a skater in contention for a place on the World Championship Team is taken out of the race (causing a fall or major interference) resulting in a disqualification, the referee must stop the race and begin again without the disqualified skater, regardless of how many laps remain in the race. Here is the number of laps for the restart, depending where the referee stops the race

<u>Laps remaining</u>	<u>Laps for restart</u>
27 – 18	27
18 – 0	18

If the 3000m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with contact to the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s).

Ranking Points:

Skaters earn ranking points during the finals races for each distance as follows:

a) The ranking points for the first 1500m are as follows:

Finals	1st	2nd	3rd	4th	5th	6th	7th
Final A	1000	816	666	543	443	362	
Final B	295	241	196	160	130	106	
Final C	86	70	57	46	37	30	
Final D	24	19	15	12	9	7	5
Final E	4	3	2	1.5	1	.5	0

b) The ranking points for the 500m and 1000m are as follows:

Finals	1st	2nd	3rd	4th
Final A	1000	816	666	543
Final B	443	362	295	241
Final C	196	160	130	106
Final D	86	70	57	46
Final E	37	30	24	19
Final F	15	12	9	7
Final G	5	4	3	2
Final H	1.5	1	.5	0

c) The ranking points for the 3000m are as follows:

Finals	1st	2nd	3rd	4th	5th	6th	7th	8th
Final A	500	408	333	272	222	181	148	121
Final B	98	80	65	53	43	35	29	23

Note a premium of 74 points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final A. This represents the same percentage provided at the ISU World Championships (5 points premium for 34 total points: 74 points premium for 500m total points). The same percentage of points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final B according to the top points available in Final B.

If there are more than 4 skaters in a 500m or 1000m final or 6 in a 1500m final, the points of the 5th place, 6th place etc, will be the points of the 1st place, 2nd place, etc. of the following final. The rest of the points will then be adjusted accordingly.

Special Rules

a) If the referee feels there was an intentional or flagrant foul in any race during the competition, the disqualified skater will receive **no points** for that race and the last place points for the race will not be awarded in that final. Please note these points **do not roll down** to the first place finisher in the next final.

Example: If the intentional or flagrant foul was in final A of the 500m, the 4th place points (543 points) would be removed and the disqualified skater would receive 0 points. The 1st place finisher in final B still receives 443 points.

If it is felt by the referee that there is team skating going on, that official has the right to remove the points from those skaters involved in that race to encourage the fairest possible competition.

b) If a skater retires from a race or the competition due to illness or injury, he/she will retain his/her finals points gained to that stage of the competition. For all other races where he/she does not participate, the skater will be seeded and ranked 32nd and receive no further Canadian Ranking Points for the distance/s.

c) If a skater drops out before the heats (first round of racing) of any distance, the heats will be re-seeded as per the relevant procedures outlined above.

d) In special circumstances where an athlete is not able to finish a race as a result of injury or equipment failure, the referee in consultation with the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and National Short Track Program Director) may decide to advance the athlete to the next round to ensure the most fair allocation of final ranking points.

Advancement

Advancement will be in accordance with the ISU World Cup procedures. In brief, advanced skaters will receive seeding points as per their finish in the race from which they were advanced, and will be seeded into the next round of racing on the basis of these seeding points. Advanced skaters will not be seeded in any specified order; instead, their ranking after the previous round will determine which race they are seeded into for the subsequent round.

2010 / 11 Competition Format

Canadian Junior Championships

Eligibility:

A Junior skater is a skater who has reached the age of 14, but not the age of 19 by July 1st, 2010. (ISU Rule #108)

In order to compete in these competitions skaters must be Canadian citizens and registered members of Speed Skating Canada

Entry:

Skaters qualify for entry to these Championships on the basis of their combined 500m + 1500m times as recorded in a gender specific SSC sanctioned competition with electronic timing during the period from August 1st, 2010 to November 29th, 2010. Please note in special circumstances manual times will be accepted (adjusted upwards by 0.2) 500m & 1500m times will be taken at full value.

The best 32 ranked skaters from these combined times will then receive automatic entry to the 2010-11 Canadian Junior Championships, December 11 - 12 in Saguenay, Quebec.

Please note no additional groups will be permitted for competition during the Canadian Junior Championships.

PLEASE NOTE All skaters are required to wear cut resistant clothing (undergarment or racing suit) that meets the ISU standards as described in ISU Communication 1265.

Competition schedule:

The schedule for this competition is as follows:

Day 1: 1500m, 500m
Day 2: 1000m, super 1500m

Ranking Points:

Skaters earn ranking points during the finals races for each distance as follows:

a) The ranking points for the first 1500m are as follows:

Finals	1st	2nd	3rd	4th	5th	6th	7th
Final A	1000	816	666	543	443	362	
Final B	295	241	196	160	130	106	
Final C	86	70	57	46	37	30	
Final D	24	19	15	12	9	7	5
Final E	4	3	2	1.5	1	.5	0

b) The ranking points for the 500m and 1000m are as follows:

Finals	1st	2nd	3rd	4th
Final A	1000	816	666	543
Final B	443	362	295	241
Final C	196	160	130	106
Final D	86	70	57	46
Final E	37	30	24	19
Final F	15	12	9	7
Final G	5	4	3	2
Final H	1.5	1	.5	0

c) The ranking points for the 1500m Super Final are as follows:

Finals	1st	2nd	3rd	4th	5th	6th	7th
Final A	1000	816	666	543	443	362	
Final B	295	241	196	160	130	106	
Final C	86	70	57	46	37	30	
Final D	24	19	15	12	9	7	5
Final E	4	3	2	1.5	1	.5	0

If there are more than 4 skaters in a 500m or 1000m final or 6 in a 1500m final, the points of the 5th place, 6th place etc, will be the points of the 1st place, 2nd place, etc. of the following final. The rest of the points will then be adjusted accordingly.

Lane Positions

PLEASE NOTE: Lane positions will be determined as per ISU rule 296. For the first qualifying round of a distance lane positions will be drawn by the Competitor Steward. For each subsequent round the lane position will be decided by the times skated in the preceding qualifying round. Skaters will be assigned lane positions from the inside of the track to the outside in the order of their times commencing with the fastest time.

Composition of the Heats (1500m)

Seeding for the 1500m on Day 1 will be in priority order as follows:

- Skaters with a 2009 / 10 Canadian Ranking in attendance, in order of this ranking
- All other skaters seeded in order of their combined entry time standards

PLEASE NOTE: the HPC reserves the right to adjust seedings for all competitions to ensure the most fair and appropriate racing conditions for athletes who do not have a 2009 / 10 Canadian ranking or were not able to participate in applicable national selection competitions from the 09-10 and 10-11 seasons.

Seedings for Quarter-finals and Semi-finals.

Seeding for the semi-finals in the 1500m, and for the quarter-finals and semi-finals in the 500m and 1000m distances will be done on the basis of a ranking derived from seeding points awarded in the heats (for the 1500m) and heats and quarter-finals (for the 500m and 1000m) as described below.

Ties in seeding points will be broken by referring to the placing and then times skated in the previous round of racing; the highest placing and then fastest time among those tied in seeding points will be seeded highest and so on.

If there is still a tie then the skater with the highest original seeding for the distance will be seeded highest and so on. Any further ties will be broken by a coin toss.

Placing in previous round: $\frac{1^{\text{st}}}{34}$ $\frac{2^{\text{nd}}}{21}$ $\frac{3^{\text{rd}}}{13}$ $\frac{4^{\text{th}}}{8}$ $\frac{5^{\text{th}}}{5}$ $\frac{6^{\text{th}}}{3}$ $\frac{7^{\text{th}}}{2}$ $\frac{8^{\text{th}}}{1}$

					32	31

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and National Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Semi-finals (1500m)

Top Bracket

The top 3 skaters from each of the 6 heats will be placed into the top bracket (final ranks 1-18) and seeded into 3 semi-finals (A, B, C) as described above.

Bottom Bracket

The remaining skaters from each of the 6 heats will be placed into the bottom bracket (final ranks 19-32) and seeded into 2 semi-finals (D, E) as described above.

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Quarter- finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 8 heats will be placed into the top bracket (final ranks 1-16 or lower depending on the number of advancements in the heats) and seeded into 4 quarter-finals (A, B, C, D) as described above.

Bottom Bracket

The remaining skaters from each of the 8 heats will be placed into the bottom bracket (final ranks 17-32) and seeded into 4 quarter-finals (E, F G, H) as described above.

Composition of Semi-Finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 4 top bracket quarter-finals will be seeded into the top 2 semi-finals (A, B; final ranks 1-8 or lower depending on the number of advancements in the quarter-finals) as described above.

The remaining skaters from each of the 4 top bracket quarter-finals will be seeded into the next 2 semi-finals (C, D; final ranks 9-16 or lower depending on the number of advancements in the heats and quarter-finals) as described above.

Bottom Bracket

The top 2 skaters from each of the 4 bottom bracket quarter-finals will be seeded into the top 2 bottom bracket semi-finals (E, F; final ranks 17-24) as described above.

The remaining skaters from each of the 4 bottom bracket quarter-finals will be seeded into the last 2 semi-finals (G, H; final ranks 25-32) as described above.

	8	7	16	15		24	23	32	31

Composition of Finals (500m and 1000m)

Final A: 1st and 2nd skaters from Semis A and B
 Final B: Remaining skaters from Semis A and B
 Final C: 1st and 2nd skaters from Semis C and D
 Final D: Remaining skaters from Semis C and D
 Final E: 1st and 2nd skaters from Semis E and F
 Final F: Remaining skaters from Semis E and F
 Final G: 1st and 2nd skaters from Semis G and H
 Final H: Remaining skaters from Semis G and H

If there are more than 6 skaters in Final D, a Final D-2 will be held containing the 5th and 6th place finishers from Semi-finals C and D. This is to prevent too many skaters in Final D, a situation that could arise if there are numerous advancements into the top bracket in the heats and quarterfinals. In the case where a Final D-2 is held, the points for Finals E-H will be adjusted downwards to account for the extra skaters in Final D-2.

Super 1500m

The Super 1500m will consist of 5 finals. Skaters ranked 1-6 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 7-12 in cumulative ranking points after the 1000m will skate in final B. Skaters ranked 13-18 in cumulative ranking points after the 1000m will skate in final C. Skaters ranked 19-25 in cumulative ranking points after the 1000m will skate in final D. Skaters ranked 26-32 in cumulative ranking points after the 1000m will skate in final E. Please note the Super 1500m Final A and B for both genders is the priority for selection purposes and Finals C through E will only take place if time permits.

In case of a tie for the 6th, 12th, 18th, or 25th place, the tied skaters will skate in final A, final B, final C or final D respectively.

During the Super 1500m, if a skater in contention for a place on the World Junior Championship Team is taken out of the race (causing a fall or major interference) resulting in a disqualification, the referee must stop the race and begin again without the disqualified skater, regardless of how many laps remain in the race. Here is the number of laps for the restart, depending where the referee stops the race

<u>Laps remaining</u>	<u>Laps for restart</u>
13.5 – 9.5	13.5
9.5 – 0	9.5

If the Super 1500m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with contact to the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s).

2010 / 11 Canadian Rankings

For the purposes of determining a final overall Canadian Ranking, the original athletes selected to the 2011 World Individual Championships Team will be ranked 1 to 5 in order of their selection to that Team. If an alternate is selected to the Team to participate at the World Individual Championships, they will be ranked 6th.

For the remainder of athletes, their rankings will be determined from the cumulative ranking points from the Canadian Open Championships and National Team Selections #1 (adjusted for any Bye Requests). The two competitions will be weighted as follows:

Canadian Open Championships =	75 %
National Team Selections #2 =	25 %

In the event that 2 or more skaters achieve the same ranking they will be separated on the basis of their head-to-head results in each distance skated at the Canadian Open Championships and National Team Selections #1. If skaters are still tied, the best result in an individual distance at the Canadian Open Championships will be used to separate the athletes.

Individual distance rankings will also be determined using the same weighting of distances:

Canadian Open Championships =	75%
National Team Selections #2 =	25%

Athletes selected to the 2011 World Individual Championships team will be ranked on the basis of their ranking from the Canadian Open Championships. In the event of a tie in ranking points, the athlete selected for the World Championships will automatically be ranked higher.

2010 / 11 Short Track Skater of the Year / Rising Star

Speed Skating Canada announces at the Annual General Meeting each year a Male and Female Short Track Skater of the Year. The HPCST will determine the winner of the awards with consideration of all performances throughout the current season including World Championships, World Cups and National Competitions.

Speed Skating Canada may also announce at the Annual General Meeting, a "Rising Star" award. The HPCST will determine the winner of the award with consideration of all performances throughout the current season including World Championships, World Cups and National Competitions.

Appendix A

OPERATIONAL GUIDELINES TO THE HIGH PERFORMANCE COMMITTEES FOR THE ALLOCATION OF BYES

1. Purpose

To provide guidelines to the High Performance Committees in the granting of Byes.

2. Philosophy of Team Selection

The philosophy for team selection is to select the athletes that will achieve the best possible result for Canada at different competitions (Olympic Games, World or Continental Championships, World Cups, etc).

The Long Track (HPCLT) and Short Track (HPCST) High Performance Committees are committed to make the selection to these teams as objective as possible. To ensure this occurs the HPCLT and HPCST will use, wherever possible, objective criteria such as time, placing at a specific competition/s, and ranking etc. as the foremost criteria in selecting athletes.

These criteria will be used at specified selection event/s or a series of specified events.

In nominating the specific selection event/s, the HPCs will only nominate an event that occurs after the confirmation of the relevant selection policy.

In all cases it is the intent of the HPCs that selection is earned through current performances in the specific selection events.

However, in exceptional circumstances an athlete may not be able to compete in the relevant selection events. In this instance the athlete is eligible to apply for selection under the Bye Clause as detailed below.

3. Bye Policy Clause Selection Philosophy

(The Bye Policy Clause will only apply to selection for specific competitions / events. The Bye Clause will not apply for nominations by SSC to Sport Canada's, Athlete Assistance Program. In the case of a major injury, the AAP Injury Card procedures will be implemented to handle this situation)

Due to exceptional circumstances (e.g. illness, injury, equipment break, etc) and through no fault of their own, a skater sometimes does not have the opportunity to compete in the nominated selection event/s. In this situation the athlete may be eligible to apply for a Bye selection to the relevant team.

The basic philosophy for selecting an athlete by granting a Bye is that, all things being equal, the skater given the Bye has clearly demonstrated superior performances in previous competition to other athletes being considered for selection.

A Bye request is considered as the last means by which an athlete can gain selection and is intended to provide for exceptional circumstances outside the normal selection criteria rather than being part of the normal means by which an athlete can gain selection.

4. Procedures under which a Bye application can be made

- a) Bye requests must be made in writing to the respective HPC (see deadlines below)
- b) Unless physically incapable, only the skater requesting a Bye can submit the request.
- c) If the Bye request is made on the basis of an illness or injury, the skater must provide documented evidence from a sports medicine practitioner. The HPC has the right to request further independent medical review after the Bye request has been submitted.
- d) If the Bye request is made on the basis of equipment breakage, this must be reported to and verified by the race referee or HPC representative immediately following the race in which the equipment breakage occurred.

5. Conditions for applying for a Bye

i. Bye request for a specific competition in the current skating season

Bye requests will be considered in two categories:

- a) *Pre-competition illness or injury that prevents an athlete from competing in the ranking / selection event.*

If the skater is ill or injured before the beginning of the competition, he/she must request a Bye before the Coaches' meeting at the competition. The HPC Representative must formally announce all Bye requests at this meeting so that all other competitors are made aware of the possibility of a Bye being granted.

A Bye request will be ruled ineligible if the skater subsequently competes in the selection event.

In the case of selection being based upon a cumulative ranking from multiple events, a skater is eligible to apply for a Bye request to a subsequent ranking event if they are prevented from competing in one of the ranking events due to a pre-existing illness or injury.

b) Injury, illness or equipment breakage during the selection event.

A Bye request must be made **within 24 hours** following the end of the competition unless the skater is physically incapable of making this request (in such a case, the skater's coach may make the request).

(See Clause 4d above for the reporting requirements for equipment breakage)

In both categories the Bye request **must state clearly** what the skater is asking for, and supporting documentation (medical, race referee report etc) must be attached. The relevant HPC should also have confirmation (medical or other, if not a medical problem) that the athlete will be at 100% of his/her capacity (physical, psychological, etc) to participate in the competition for which he/she has requested a Bye.

ii. Bye request to a specific Team or a Competition for the season following the selection event/s

This process is for the selection to a specific team such as the National Team or Development Team or for competitions in the next skating season but before the next selection competition/s (such as the Fall World Cups).

The Bye must be requested **within two weeks** following the final selection event. The Bye application **must state clearly** what the skater is requesting, and appropriate documentation (medical, etc) **must be attached**.

The relevant HPC should also have confirmation (medical or other, if not a medical problem) that the athlete will be at 100% of his/her capacity (physical, psychological, etc) to be on the Team or participate in the competition to which he/she has requested a Bye.

6. Process for reviewing a Bye application

The following steps are involved in the process of considering a request for a Bye.

- a) Following the final selection event for the respective team / event, the relevant HPC meets (in person or via conference call) to review the facts.
- b) In cases where multiple Bye applications are lodged they will be assessed individually and on their own merit.
- c) The 3 elected members of the HPC (if not in conflict of interest) will review the facts and make a recommendation (with supporting rationale). If all 3 elected members of the originating HPC are in conflict of interest, then the High Performance Program Director (ST or LT) will make the recommendation regarding the Bye application.

- d) If relevant, the HPC will establish a revised ranking of athletes based upon the selection event/s and an assessment of previous performances from those who have requested a Bye.
- e) From this revised ranking, the final selections will be made.
- f) These final selections will then be named as the “Team” and will be communicated to the skater/s requesting the Bye, skater/s directly affected by the Bye request, the coaches, and athletes' representatives.

7. Conditions for Granting a Bye

The basic question the HPC must answer is whether the skater requesting the Bye had a recent history of performances or other factors as listed below that demonstrate clear superiority of the skater requesting a Bye to those of other athletes in consideration for selection.

The HPC must also be certain that the athlete requesting the Bye would be able to compete at a similar level in the event or team for which they seek selection. The HPC may award a “Conditional Bye” to skaters recovering from injury or illness. In this situation the skater may have certain conditions imposed. This could include, but is not limited to such things as a certain time frame, performance requirement etc.

In order to make these decisions, the HPC will evaluate a number of elements including, but not limited to the following.

- a) Head-to-head competition results of the athletes being considered for selection.
- b) Past performances of the skater requesting the Bye,
- c) Results of the selection competition (by skaters in contention for the team),
- d) Recent training and testing performances

In evaluating past performances, the HPC will assign priority to those performances from the 12 month period prior to the final selection event.

However, this is occasionally not possible because of injuries, or the lack of opportunity for the skaters to compete. In such instances, performances beyond this 12 month period will be considered but will assume a lower value in assessing the Bye request.

i. Long Track

In long track, the HPCLT may award a Bye to a skater who is:

0.5 sammelagt points faster than the last skater selected in a specific distance (that would mean 0.5 seconds in the 500m, 1 second in the 1000m, 1.5 seconds in the 1500m, 3 seconds in the 3000m, 5 seconds in the 5000m, and 10 seconds in the 10000m) or

0.5 sammelagt point per race skated for a selection over cumulative points (4 distances skated = 2 sammelagt points, 500m skated twice = 1.0 sammelagt point)

In assessing the past performances of the skater requesting the Bye and the history of the skaters involved, the HPCLT will give priority to the best time (in sanctioned events) of the skaters involved during the last 12 months including the selection competition(s).

In the case of a multiple event selection (World Sprint, World All-round, Continental, Junior World, etc), if a skater cannot complete the selection competition due to injury, illness or special circumstances, the missing distances will be evaluated by using the best time rule (in the last 12 months) for the skaters involved.

ii. Short Track

In short track, the general guideline is that the HPCST judges that the athlete being granted a Bye would have finished clearly ahead of the last skater selected

In making this judgement the HPCST will evaluate a number of elements including, but not limited to the following.

- a) Head-to-head competition results of the athletes being considered for selection.
- b) Past performances of the skater requesting the Bye,
- c) Results of the selection competition (by skaters in contention for the team),
- d) Recent training and testing performances
- e) Current world rankings of the athletes

8. Appeals

Following the announcement of the "Team" the athlete/s affected by the Bye request decision has/have the opportunity to appeal this decision in accordance with the Speed Skating Canada Appeal Policy. (refer to SSC Appeals Policy RES 100)
